Three pairs of twins in three years is the record of a West Virginia woman, who seems to be doing more than her share in obeying the scriptural command to multiply and replenish the earth. If many of the women do likewise, there will be no telling how much population West Virginia will have at the end of the next decade.

It has been learned that William Gibson's step-child, whom he murdered, was insured for \$200 in his favor. He no doubt thought by slowly torturing his victim he would die and no one would ever know the cause and then he would get the money and also be rid of one he so bitterly hated. All rumors of Gibson's capture have proven false. The longer the man evades capture the more infuriated become the citizens of Culllettsburg and Ashland. About 300 men are scouting for him.

## PNEUMONIA PREVENTED

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by Craig & Hocker, Druggists.

Walker, &c., they having recovered valuable lands and other property for plaintiff. The above named attorneys and Col. W. G. Welch attended court last Saturday.

I have lately ascertained that it is Casey county's time to name the democratic candidate for State Senator. In a talk with Senator Farris he said that he would not break the old rule, but that, if Casey does not insist, he will be a candidate for the nomination. Our democrats believe that he should be endorsed, and they are confident that he can be re-elected.

The first declamatory contest of representatives from the public schools of Garrard county was held at the opera house under the directorship of Miss Eliza Lusk, county superintendent, and Miss Amanda Anderson, a public school teacher.
